github/frazierr2

## Objective

As a graduate of an accelerated front end web development program, I am seeking a position that will allow me to use and grow my new skills as a developer, utilize my past experience as a system administrator and a tech support analyst to become a well rounded and unique asset to any team.

## RELEVANT SKILLS

### LANGUAGE AND PRACTICES

HTML5  
CSS3  
Javascript  
JSX  
Git and GitHub  
JSON  
AJAX  
RESTful Api's

### FRAMEWORKS AND LIBRARIES

Backbone JS  
React JS  
Underscore JS  
Bootstrap  
Sass  
Handlebars  
jQuery

## PROJECT

### U-GRUB

<https://frazierr2.github.io/final-project/>

The goal for U-Grub is to allow you, the user, to record your restaurant experience and later recall the things you liked, didn't like, food you ate and more. If you're traveling, no worries, we have you covered there also. Simply go to the Search Local Eateries tab and type in your location and you will be given a list of local restaurants with all the information you will need to make an informed decision.

## EDUCATION

### Front-End Engineering

The Iron Yard, September 2016 - December 2016

### Bachelors of Science in Business Administration and Sociology

Winthrop University, August 2004 - May 2009

## WORK EXPERIENCE

### SYSTEM INTEGRATOR AND TECH SUPPORT ANALYST

#### Lucas Systems Inc.

May 2014 - August 2016

Integrate hardware and software to facilitate clear communication between all devices across the IT system. Run network cables through walls and ceilings and terminate ends into patch panels and junction boxes.

Install PC's, Point-of-Sale terminals, switches, routers and monitors in restaurants.

Provide technical assistance and support in person, phone and electronically related to computer systems, hardware and software.

### IT COORDINATOR, WEBMASTER, YOUTH MINISTER

#### Mount Tabor United Methodist Church

May 2009 - May 2014

Designed and managed two websites through two campuses using WordPress, HTML5 and CSS3.

Troubleshoot, diagnose and repair equipment and networks across multiple campuses.

Managed Social Media aspects of the church and ministries.

Recruit, equip and supervise a group of dedicated adult volunteers to lead the Middle School youth ministry of the churches two campuses.
