Winthrop University, August 2004 - May 2009

## WORK EXPERIENCE

### SYSTEM INTEGRATION SPECIALIST

#### Lucas Systems Inc.

May 2014 - August 2016

Liaison between Help Desk and the Development team working with code debugging of frequent issues and passing up to Development when bigger issues arise.

Install Point-of-Sale systems in restaurants.

Trained corporate staff and restaurant managers on our software platform.

Provide technical assistance and support in person, phone and electronically related to computer systems, hardware and software.

## PROJECT

### U-GRUB

<https://frazierr2.github.io/final-project/>

The goal for U-Grub is to allow you, the user, to record your restaurant experience and later recall the things you liked, didn't like, food you ate and more. If you're traveling, no worries, we have you covered there also. Simply go to the Search Local Eateries tab and type in your location and you will be given a list of local restaurants with all the information you will need to make an informed decision.

### IT COORDINATOR, WEBMASTER, YOUTH MINISTER

#### Mount Tabor United Methodist Church

May 2009 - May 2014

Designed and managed two websites through two campuses using WordPress, HTML5 and CSS3.
