

Web Developer

2 Cantera Circle Greenville, SC 29615 864-449-7072 frazierr2@gmail.com ThinkFrazier.com github/frazierr2

Objective

As a graduate of an accelerated front end web development program, I am seeking a position that will allow me to use and grow my new skills as a developer, utilize my past experience as a system administrator and a tech support analyst to be a well-versed and unique asset to any team.

PROJECT

U-GRUB

https://frazierr2.github.io/final-project/

The goal for U-Grub is to allow you, the user, to record your restaurant experience and later recall the things you liked, didn't like, food you ate and more. If you're traveling, no worries, we have you covered there also. Simply go to the Search Local Eateries tab and type in your location and you will be given a list of local restaurants with all the information you will need to make an informed decision.

EDUCATION

Front-End Engineering

The Iron Yard, September 2016 - December 2016

Bachelors of Science in Business Administration and Sociology
